

# SAURABH SHIVKRITI

## Data Analyst

☎ +91-7482961111 [saurabhshivkriti1001@gmail.com](mailto:saurabhshivkriti1001@gmail.com) [linkedin.com/in/saurabh-shivkriti](https://www.linkedin.com/in/saurabh-shivkriti) [github.com/saurabh0322](https://github.com/saurabh0322)

### Summary

---

Entry-level Data Analyst with hands-on academic and project experience in SQL, Python, Microsoft Excel, and Power BI. Strong understanding of data cleaning, data validation, exploratory data analysis (EDA), and data visualization. Seeking an entry-level Data Analyst role to apply analytical skills, build dashboards, support reporting, and contribute to data-driven business decisions.

### Skills

---

**Programming & Querying:** SQL, Python

**Data Analysis:** Data Cleaning, Data Validation, Exploratory Data Analysis (EDA)

**Data Visualization & Reporting:** Microsoft Excel, Power BI (Dashboards, Reports)

**Libraries & Tools:** Pandas, NumPy, Matplotlib, Seaborn

### Projects

---

#### Blinkit Sales Analysis | *SQL, Power BI*

- Cleaned, validated, and processed raw sales data to improve data quality and consistency.
- Performed exploratory data analysis (EDA) to identify revenue trends, top-selling products, and customer behavior.
- Created data visualizations to support reporting, business insights, and decision-making.
- [View](#)

#### Swiggy Sales Analysis | *Python*

- Cleaned, validated, and processed raw sales data to improve data quality and consistency.
- Performed exploratory data analysis (EDA) to identify revenue trends, top-selling products, and customer behavior.
- Created data visualizations to support reporting, business insights, and decision-making.
- [View](#)

#### AQI Index Analysis | *Power BI*

- Analyzed air quality datasets and calculated AQI metrics for multiple cities and regions.
- Developed interactive Power BI dashboards with filters to monitor pollution trends and comparisons.
- Enabled data-driven insights through dynamic reports and visual analytics.
- [View](#)

#### Pizza Sales Dashboard | *Microsoft Excel*

- Analyzed sales performance using Pivot Tables, Pivot Charts, formulas, and slicers in Excel.
- Built interactive dashboards to track KPIs, sales trends, and product performance.
- Generated actionable insights to support sales reporting and business decisions.

### Education

---

#### B.Tech. - Computer Science & Engineering

*SISTec-R, Sagar Group of Institutions, Ratibad, Bhopal*

2022 – 2026

CGPA: 7.41 / 10

#### 12th Standard

*M.G Memorial College, Kochas, Rohtas, Bihar*

2022

Percentage: 67%

#### 10th Standard

*S G N M High School, Parsathua, Rohtas, Bihar*

2020

Percentage: 55.2%

## **Awards & Certifications**

---

- Power BI for Beginners – Simplilearn (Jan 2026)
- Data Analysis with Python – IBM (Dec 2025)
- Microsoft VBA Excel Automation: Reports Dashboards & Tasks – Udemy (Jan 2026)

## **Seminars / Trainings / Workshops**

---

- Headstart 4.0 – Sagar Institute of Science, Technology and Research (SISTec-R), Bhopal.

## **Co-Curricular Activities**

---

- Organized and volunteered for college fests, seminars, and cultural programs.
- Appeared for AMCAT assessment to strengthen English, Quantitative Aptitude, and Logical Reasoning skills.

## **Hobbies / Interests**

---

- Travelling – Exploring new places and cultures.
- Photography – Capturing meaningful moments and events.
- Playing Cricket – Active participation in competitive and team-based matches.
